UNIQUE, RESILIENT AND VERSATILE

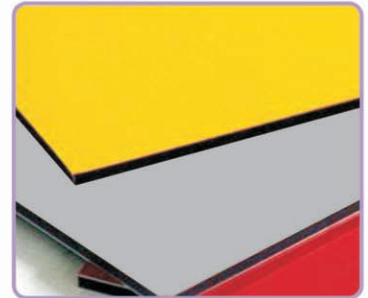

**DADEX**

## Introduction

Dadex ACP (Aluminum Composite Panel) is a modern and new-generation building material providing a huge range of possibilities to architects and designers. It is the perfect solution for interior and exterior building cladding and signage.

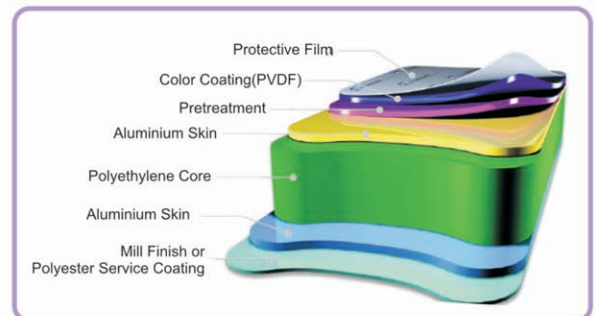

It is an innovative product that has become the material of choice for a wide variety of applications, which can cater to diverse tastes and abilities of architects worldwide. Architects can use their creative talents to mould, bend and curve this material into complex shapes to create stunning works of architectural design.

Dadex ACP can be ordered in a large variety of colours and specifications which provide the end-user with a high degree of freedom and flexibility. Furthermore, we at Dadex aim to offer the best possible product at an affordable price, and always back our products with the required services.

## Material

- Top Layer : Aluminum coated with your choice of PVDF or Polyester
- Core : Non-toxic core of your choice of Polyethylene or fire retardant minerals
- Bottom Layer : Aluminum in mill finish or coated with primer paint

## Appearance

Dadex ACP is available in a variety of colours. Please refer to our color chart.

## Product Specifications

- Thickness : 3 & 4mm
- Width : 1220 & 1250mm
- Length : 2440mm, 3050mm & 3200mm, maximum 5 meters
- Weight : 5.5kg/sq. meter for 4mm thick panel
- Surface finish : KYNAR 500 PVDF resin-base coating

## Sound Transmittance Loss

- |                     |       |       |       |       |       |       |       |       |
|---------------------|-------|-------|-------|-------|-------|-------|-------|-------|
| • Frequency (Hz) :  | 125   | 250   | 500   | 1000  | 2000  | 2500  | 3000  | 4000  |
| • Sound Loss (db) : | 13.72 | 21.12 | 29.67 | 38.07 | 44.29 | 46.13 | 44.08 | 42.44 |

## Features & Benefits

### • Strong and Lightweight

Dadex ACP is a strong and durable material that is resistant to alkaline, acids and extreme weather conditions. It is lightweight, which makes it easy to transport and install.

### • Ease and Speed of Installation

Dadex ACP comes ready to install. Cutting, bending, curving, routing and grooving are easily accomplished with standard aluminum or wood working tools. Dadex ACP can easily be fabricated by aluminum craftsmen. Since the installation of ACP is simple, large volumes of installation work can be completed in a short time using minimum manpower.

- **Visually Pleasing**

Available in a large variety of colours and finishes, Dadex ACP is one of the most visually pleasing building materials available in the market today. Its finish also allows for easy cleaning, so the material looks new for an extended period of time.

- **Superior Flatness**

Dadex ACP has an extremely flat surface due to process of laminating the core to the aluminum. This ensures an extremely smooth, level finish, which is not possible with any other material available in the market.

- **Insulation**

Dadex ACP provides insulation against heat, cold and sound.

- **Fire Resistant**

Dadex ACP panels are resistant to fire due to the non-combustible nature of Aluminum. However, for those customers requiring an even higher level of protection, we provide an option of having Dadex ACP with a special fire-retardant core.

- **Quality**

Dadex ACP is manufactured under strict quality controls as per international standards.

## Fields of Application

Dadex ACP can be used in a variety of applications

- Cladding (for walls, columns etc.)
- Airports
- Shops
- Covered Walkways
- Government & Educational Buildings
- Homes
- Hospitals
- Hotels
- Kiosks
- Offices
- Public Venues
- Show Rooms
- False Ceilings
- Offices
- Signage (shop boards, billboards etc.)
- Bank
- Fast Food Restaurants
- Hi-Tech Shops (mobile phoner, internet providers)
- Clothing Shops
- Petrol Stations
- Fabrication (kitchen cabinets, partitions, doors etc.)
